Rosacea - Causes - NHS It's been suggested these bacteria may be a possible cause of rosacea, although a link hasn't been proven. One theory is the bacteria may stimulate the production of a protein called bradykinin, which is known to cause blood vessels to expand. Stroke - Causes - NHS Another possible cause of ischaemic stroke is a type of irregular heartbeat called atrial fibrillation. This can cause blood clots in the heart that break up and escape from the heart, and become lodged in the blood vessels supplying the brain. Pain in the back of the head: 5 causes with treatment These drugs cause blood vessels to shrink and contract, which reverses the changes in the brain that cause migraines. The sooner a person receives treatment for a migraine attack, the more.
